## Yale College Classes 1962 --> 1965 - Tour de France Paris, Normandy, Loire Valley, Burgundy Canal Barges

#### **September 1–26, 2016**

Dear Yale Alumni and Travel Partner Guests,

You are invited to join either of two 17 day tours of France in September of 2016. The tour is organized into two separate barge cruises at the beginning and end with eight days in Normandy and Paris together.

Group 1: September 1-17 Loire Valley/Burgundy Barge 1/Versailles/Normandy/Paris Group 2: September 11-26 Normandy/Paris/Burgundy Barge 2/Loire Valley/Versailles

Our objectives for this trip include:

- 1) Provide the opportunity for a large group of us with Yale and generational ties through Yale College classes of 1962/63/64 and 65 to spend close personal time together for up to 10 days in France on tour together to Normandy, Loire Valley, Versailles and Paris.
- 2) Provide the opportunity to enjoy additional relaxed quality time together on more intimate canal barges for seven days in southern Burgundy before and after the group time together.
- 3) Take advantage of the opportunity to have Yale 1963 classmate and world class military historian Wick Murray lead us on a very personalized tour of Normandy.

This tour is modeled after the very successful CEF Yale Alumni Tour de France in September of 2015 during which 50 Yale 1963 and 1964 classmates, spouses and travel partners toured together over 28 days.

The tour operator is *Charity Enablers Foundation*, a California 501c3 non-profit formed in 2000 and chaired by Jon Larson, Yale 1963 and operated by his family as the Larson Family Foundation. CEF has CAE Continuing Adult Education as its primary mission. <a href="https://www.lff1.org">www.lff1.org</a>

Each 17 day tour is priced at \$9,500 per person double occupancy (excluding airfare).

Deposits (non-refundable through CEF) are required by the following dates.

20% October 2015 | 20% January 2016 | 60% July 2016

Travel insurance through TravelSafe is included for full recovery of all advance deposits in the event of cancellation due to unplanned medical conditions for yourselves traveling or any immediate family members.

Please call Jon Larson at 415-435-3222 with any questions or to confirm your reservation. Or email <a href="mailto:jlarson@irpllc.net">jlarson@irpllc.net</a>. Thank you for your consideration and support.

Best regards.

## THE YALE CLUB T NEW YORK CITY

Cercle de l'Union Interalliée 33 rue Fbg St Honoré 75008 Paris, France

The Cercle de l'Union Interalliée, also known as the Cercle Interallié, is a social and dining club established in 1917 at No. 33 Rue du Faubourg Saint-Honoré in Paris, France It adjoins the embassies of Britain and Japan. The club includes royalty and political figures as its international members. It was established as a place of welcome providing moral and material resources to the officers and personalities of the Allied nations in order to develop the allied life that had just begun. The war having ended, the need for the Union Interalliée was apparent to everybody, as it was more necessary than ever to maintain harmony between the people who had fought together. The club has reciprocal exchange privileges with a number of private clubs around the world including the Yale Club of New York City whose 1963 members initiated the invitation on our behalf.

#### **CAPRICE ITINERARY**

Burgundy: Canal de Bourgogne, Saone River, Canal du Centre Dijon to St Leger sur Dheune

Our Heart of Burgundy cruise on the Caprice begins in Dijon where the cruise group is delivered to the barge. From Dijon you will cruise the Burgundy Canal, one of the oldest in France. From there you will join the Saone River for a one day cruise to the Canal du Centre where you will enter the vineyards of Burgundy. Whether your mooring is in a vineyard or a quaint village, your heart of Burgundy Cruise offers a true taste of the treasures of Burgundy. This cruise offers an abundance of interesting shore excursions by coach, on foot, by balloon, or by bicycle. This incomparable region is world-renowned for its exquisite cuisine and fine wine.

#### Saturday

Late afternoon - Board the Caprice in Dijon where a welcome aboard Kir Royale awaits you. We will introduce you to the crew and to Caprice while your luggage is quietly taken to your cabin. You will have a chance to unpack and we will place your empty luggage in the baggage compartment of our bus. Before and after dinner there will be time have a quiet drink on the barge, stroll along the towpath, or walk uptown. Dijon center is but 10 minutes away. Tonight you will enjoy your first gourmet dinner on board Caprice and before dinner we will offer you a happy hour with open bar.

#### **Sunday**

After your buffet breakfast we begin our cruise on the Canal de Bourgogne. Later our motor coach will whisk us off for a guided tour of Dijon, the capital of Burgundy. After we return to Caprice we will continue our cruise on the Canal de Bourgogne. There are many opportunities for guests to walk along the towpath or cycle into nearby villages. This evening we will moor in Longecourt, a quiet canalside town. Our mooring spot allows a magnificent view of the Chateau Longecourt from the forward deck. There is time to explore the village after dinner, stroll along the tow path, or sit on the deck and get to know your fellow passengers.

#### Monday

This morning your guide will take you to visit to Clos de Vougeot. Wine was produced here as early as the 12th century, by none other than the local monks. A private wine tasting follows in Nuits St Georges before we return to Caprice. We continue our cruise to St Jean de Losne where the Canal de Bourgogne merges with the river Saône. There are hundreds of barges moored here in addition to major barge manufacturers. Live-aboard barge owners are abundant. We will continue our cruise on the Saône to Seurre, a lovely riverside town with a 16th century church and beautiful brick houses from the 17th century.

#### **Tuesday**

This morning we will visit the Museum of Seurre before setting out on a beautiful river cruise to Chalon sur Saône where we arrive in mid afternoon. A guided walking tour of the old town begins shortly after we arrive. There will be time for shopping in the town's elegant shopping district. Chalon sur Saône was built alongside the Saône about 3000 years ago. The town was a naval base during Antiquity, the place of big fairs during the Middle Ages, and a trading centre in modern and contemporary times. The old town is magnificent.

#### Wednesday

Today we enter the Canal du Centre from the Saône through a lock with a 50-foot rise. Our shore excursion today will be to beautiful Beaune. Beaune is the wine capital of Burgundy and home to the magnificent Hôtel-Dieu, a charity hospital founded in 1443. This monument boasts the finest Burgundian-Flemish architecture in the world. Wednesday is market day in Beaune. We will spend some time at the market before returning to Caprice and setting off for the canal side town of Chagny. Your cruise today is in the midst of the Chalonaise and Santenay vineyards. There is ample time to walk and cycle the towpath.

#### **Thursday**

Our shore excursion will be to the village of Rully for a private guided tour of the 12th century Chateau Rully. Chateau Rully has been in the same family for 900 years. This Medieval fortress is built around a 12th century keep and reveals some interesting features of medieval military architecture with its parapet walk, battlements, machicoulis and loopholes. The main building dates back to the Renaissance. The vaulted kitchen in the keep has a monumental fireplace and an extensive range of copper utensils. An 18th Century building boasts Burgundy's largest stone roof. The Rully vineyards surround the Chateau. There is ample time for walking or cycling today. Later we cruise to the picturesque village of St Léger-sur-Dheune for a farewell gala dinner.

#### **Friday**

After breakfast, passengers on Barge1 board our bus for a tour of Versailles enroute to the CdG Marriott in Paris to meet up with the Barge2 group arriving that day from the U.S. and we depart together to Normandy the next morning. After breakfast, passengers on Barge2 board our bus for Chenonceau in the Loire Valley and enroute back from Chenonceau, will visit Versailles and then return to Paris to the CDG Airport Marriott for the return lights home the next day. *Note: This is a sample itinerary and is subject to change if necessary due to waterway or venue closures. On alternating cruise weeks, this itinerary operates in the reverse.*

#### Williamson 'Wick' Murray - Normandy

- A War To Be Won
- The Making of Strategy
- Military Effectiveness

"These books represent three of a number of works that I have authored by myself, co-authored, or edited. They represent the fruit of my **Yale education** (**B.A. 1963**; Ph.D. 1975) and hard work since then. I have aimed my literary efforts at three distinct audiences: those in the general public interested in history, scholars, and officers in the armed forces of the United States as well as those who craft strategy to address the problems raised by a complex and dangerous world."

Book description: In the course of the twentieth century, no war looms as profoundly transformative or as destructive as World War II. Its global scope and human toll reveal the true face of modern, industrialized warfare. Now, for the first time, we have a comprehensive, single-volume account of how and why this global conflict evolved as it did. <u>A War To Be Won</u> is a unique and powerful operational history of the Second World War that tells the full story of battle on land, on sea, and in the air.

Williamson Murray and Allan R. Millett analyze the operations and tactics that defined the conduct of the war in both the European and Pacific Theaters. We see how strategies were crafted and revised, and how the multitudes of combat troops struggled to discharge their orders.

<u>A War To Be Won</u> is the culmination of decades of research by two of America's premier military historians. It avoids a celebratory view of the war but preserves a profound respect for the problems the Allies faced and overcame as well as a realistic assessment of the Axis accomplishments and failures. It is the essential military history of World War II--from the Sino-Japanese War in 1937 to the surrender of Japan in 1945--for students, scholars, and general readers alike.

## Colin Elliott and Marie-Chantal Elliott – Loire

Passionate about the region in which he now lives, Colin and his French wife Marie-Chantal offer guided tours of their adopted home in the centre of France.

An expert in **gardens, gardening and garden history**, Colin undertakes a number of garden visits with clients lasting from one day to a full week.

Trained in wine appreciation and a teacher of viticulture, he is also delighted to guide visitors around the vineyards of the Touraine and Loire Valley.

Finally, the Loire Valley is famous for its castles and chateaux and Colin is an enthusiastic **guide to these architectural treasures.** 

"I would be pleased to accompany your Yale Alumni Class of 1963 groups on 3rd+4th and 25th+26th September 2015. My wife has agreed to accompany us at no extra charge giving you two guide/translators for the price of one.

#### About Loire Valley Wine Tour

Loire Valley Wine Tour started in response to requests from travel agents, guests at Les Sequoias, Garden Design Academy students and others, for guided visits to the vineyards of the region in which we live.

Keen wine enthusiasts, we trained with the professional body the Wine and Spirits Educational Trust, taking our knowledge to another level. As educators, we love to pass on what we have learned to others and as proud residents of the region, we are pleased to introduce guests to the delights of our adopted home.

Our house is graced by a 16<sup>th</sup> century wine cellar which is slowly filling up with fine wines from around France. The work is never finished!

Marie-Chantal Elliott was born in the great wine-making city of Bordeaux, with a Father in the financial side of the industry and grandparents who made Cognac. Educated alongside some of the great names in the wine industry she worked in travel and tourism for many years, including airlines, travel agents and hotels, before starting her own B&B business.

Linking food and wine is Chantal's specialty, serving meals to enthusiastic clients at Les Sequoias using local produce bought at the market or direct from growers. Home made food is always popular with clients and with quality local produce and Chantal's skills, we result is memorable. Chantal has a keen palate and a good knowledge of the wines of the Loire and beyond.

Colin Elliott is passionate about the Loire Valley, its chateaux, gardens, lifestyle and, of course, its wines. Colin is a garden designer by trade but spends the majority of his time teaching for the Garden Design Academy. One of his favourite courses is the Certificate in Viticulture, aimed at budding wine-makers and vineyard owners, which attracts students from around the world.

Touring and tasting with visitors is one of Colin's great pleasures and as a French speaker he is on hand to translate, clarify and demonstrate the art, craft and science behind the wines you will be sampling. A natural enthusiast, his excitement at discovering these wines and winemakers is infectious.

- City of Paris Tour

#### Ariane Villette guide conférencière

français anglais espagnol 98 avenue Pasteur 93260 LES LILAS 00.33(0)6.89.96.22.28

I work in Paris most of the time, and around, such as Normandy, the Loire valley, or Burgundy.

Licensed in Paris, I can offer a specific service, adapted to your wishes.

After 6 years at university and the school of the Louvre in art history, my favourite period is the 19th century.

As you will see, my passion is to show my city, and its life, but I see my job as a mutual exchange of cultures, between the persons I meet, and myself.

Ariane has over 50 top 5-star ratings from her tours.

Ariane will be assisted by her colleague **Jerome Pons**, a professional Paris guide for many years.

Paris attracts, Paris seduces, Paris promises, but often escapes your grasp.

What a pleasure therefore, to succeed in discovering its intimacy, its daily life, its music...

Professional guide since 2009, graduate in History, Political Science and Cinema, I am, before all else, a Parisian. A 28-year-old passionate about the city that still nourishes my life.

It is my aim that the rendez-vous with Paris allows you to see the city from many different perspectives. From its History to lively anecdotes, from architecture to street art, from traditions to the latest trends, from politics to what is happening right now, we will put Paris Under a microscope.

Having friends in many different fields, I am aware of everything that happens in my city.

I am careful to select – as only a Parisian can – the most picturesque, preserved and significant places, but also the most atypical, alterative and exciting of the capital.

Because Paris is both a museum and a work in progress!

As a visitor, you often know what, but not where, and how!

In the space of several hours, a full day, or the course of your holiday, it is my job to respond to your precise demands, and to tailor a visit to your personal needs, before trying to really surprise you.

Be among the first to discover what is happening now; take a shopping trip with a difference and gain access to private sales of the latest fashion; visit the galleries you have always dreamed of; fill your appetite in the finest restaurants before attending the screening of a rare film in an old neighbourhood cinema; or simply put your feet up in a peaceful square in the center of the city to taste the best macaroons.

Because in Paris, you can expect the unexpected, I will show you the city as it was, as it is now, and as it is becoming.

Born in Paris in the 80's, I grew up between le Marais and Père Lachaise, in that "great village" known as the 11th arrondissement. I have a local knowledge of the city. I love to go around my city and take pictures of it. I have walked it, biked, it and motorbiked it, and I am still discovering it every day.

I have travelled a lot myself, which has given me a truer perspective on my own city.

I can appreciate what it is to be parachuted into a foreign city, with nothing else other than a map and a guidebook! And over all the pleasure of being shown the city by a local, and maybe, to feel yourself, a Parisian too...

"We are happy to see your enthusiasm. As you say, we are ourselves particularly fond of interested and cultured visitors, good listeners, but also good questioners. It makes the perfect recipe for deep and playful guided tours.

We totally approve your program and the choice of visits you have prepared. We would suggest some little walking tours in Paris itself. Different areas need distinguished tours to be visited with pleasure. Here are some examples of walking tours that we consider as inescapable, to appreciate and understand Paris the best way.

#### Tours:

- Palais Garnier Opera House (back stage)
- Cathedral Notre Dame
- Père Lachaise and Maurais Revolution
- "Paris at Night" Left Bank (walking tour)
- Versailles

Hugo and Gael will be assisted on our guided tours by other colleagues from their Paris Travel Guide business *Rendezvous with Paris*, an organization and network consisting of many experienced Paris travel guides.
